Jordan: Children in difficult circumstances take part in creative activities and receive remedial teaching outside of school.

Partner: Four Seasons Cooperative Society / I Learn
**2018**

**Creativity strengthens life skills**

Children and young people are better able to master their life situation and undergo positive transformation when they have the opportunity to strengthen their personal development through arts and culture.

Culture and arts have a positive impact on individuals and the community and are thus essential for forward-looking development. Drosos Foundation therefore supports projects that use cultural and artistic approaches to promote life skills, build cultural bridges between social groups and promote social cohesion.

---

Egypt
- 63 ongoing projects
- 14 creative projects

Conservatoire de musique de Genève
**Young people from an educationally disadvantaged background are given the opportunity to play in an orchestra for the first time and to experience the importance of teamwork.**

Association Dabateatr
**In Rabat, more than 1,000 children from disadvantaged families are given the opportunity to participate in theatre workshops and to perform in front of an audience.**

JMAE for Contemporary Art
